08.50   Morning refreshments

09.10   Welcome and opening remarks

09.15   Keynote lecture
Adventures, explorations and discoveries in tropical medicine
Professor David Warrell, Sir Patrick Manson Medal winner 2019

10.00   Prevalence of cervical dysplasia by visual inspection acetic acid (VIA) is increased in women with female genital schistosomiasis; a cross-sectional study in Zambia.
Hannah Rafferty, London School of Hygiene and Tropical Medicine, UK

10.15   Reaching the last mile for vaccination: feasibility and acceptability of traditional birth attendants-based referral system hard-to-reach areas of district Sukkur, Pakistan.
Ambreen Sahito, Isra University, Pakistan

10.30   Molecular and Phenotypic characterization of some antimicrobial resistant genes In Escherichia Coli isolated from human and poultry in Buea, south west Cameroon.
Ewalu Justa Ndobeganag, University of Buea, Cameroon

10.45   Morning refreshments and poster tour

11.15   Clinical follow-up of women with female genital schistosomiasis one year following treatment with Praziquantel.
Louisa Samuels, London School of Hygiene and Tropical Medicine/Imperial College Healthcare Trust, UK

11.30   Community based perceptions of snakes and snakebites and methods of prevention and management among residents of Kitui County, Kenya.
Leo Wood, Liverpool School of Tropical Medicine, UK

11.45   Characterising the seasonality of Plasmodium falciparum malaria across sub-Saharan Africa.
Suzanne Keddie, Malaria Atlas Project, Big Data Institute, Oxford, UK

12.00   The changing epidemiological landscape of urogenital schistosomiasis in Lake Malawi, Mangochi District: prevalence and morbidity in school children.
Angus More O’Ferrall, Liverpool School of Tropical Medicine, UK

12.15   Lunch and poster tour

13.15   Identifying late-life depression in sub-Saharan Africa.
Sujoy Biswas, Newcastle University, UK

13.30   Vascular risk factors for HIV-associated neurocognitive disorders (HAND) in older adults in northern Tanzania.
Emma Rainey, Newcastle University/Northumbria Healthcare, UK

13.45   Structural analysis of the parent protein of Ov47 and humoral immune response to its synthetic epitopes in children.
Mikiedjio Justin, University of Buea, UK
14.00  HIV-Associated Neurocognitive Disorders (HAND) in a cART-treated cohort of adults aged 50 and over in Kilimanjaro, Tanzania: The first longitudinal follow up study of HAND in an older population in sub-Saharan Africa.
    Sherika Ranasinghe, St Richards Hospital, Western Sussex NHS Trust, UK

14.15  Afternoon refreshments and poster tour

14.45  Plasmodium falciparum and Plasmodium vivax epidemiology in an era of malaria elimination
    Emma Collins, Malaria Atlas Project, Big Data Institute, Oxford, UK

15.00  Intestinal schistosomiasis along the shoreline of Lake Malawi: emergence or outbreak.
    Hamish Baxter, Liverpool School of Tropical Medicine, UK

15.15  Keynote lecture
    Dr Samson Kinyanjui, Chalmers Medal winner 2019

16.00  Prize-giving and introduction to mentoring sessions

16.10  Mentoring sessions
    This will include one to one speed mentoring as well as group mentoring on publishing and funding.

17:30  Close
Poster presentations

P.01 Investigating the effectiveness, acceptability and feasibility of an app-based training and assessment system for field graders of trachoma.

Chaitra Dinesh, London School of Hygiene and Tropical Medicine, UK

P.02 What about the women? Are they worth targeting to reduce poverty in developing countries? evidence from Dodowa Health and Demographic Surveillance System (DHDSS).

Emmanuel Kwame Darkwa, Dodowa Health Research Centre, Ghana

P.03 A molecular evaluation of the impact of an integrated vector control programme on Triatoma dimidiata and Chagas disease transmission in Jutiapa, Guatemala.

Laura Cook, London School of Hygiene and Tropical Medicine, UK

P.04 Perianal and left gluteal eumycetoma lesion extending to the left greater sciatic foramen and external anal sphincter; case report.

Rawa Ali, Mycetoma Research Centre, Sudan

P.05 A qualitative study on the knowledge, attitudes and perceptions of healthcare workers towards snakebite in Kitui county, Kenya.

Kieran Barnes, Liverpool School of Tropical Medicine, UK

P.06 Body composition techniques provide new insight into the effect of stunting and HIV exposure on child health and function.

Joseph Piper, London School of Hygiene and Tropical Medicine, UK

Validation of the field-applicable Recombinant DNA-Polymerase Amplification Assay (RPA) for the diagnosis of Female Genital Schistosomiasis from cervicovaginal lavage samples in Zambian Women. (The BILHIV study)

Farhan Kabir Patwary, London School of Hygiene and Tropical Medicine, UK
